

- **Best for paddlers up to: 110 lb.**
- **Maximum Load (paddler plus gear): 150 lb.**

# Raven

A serious kayak for small individuals. Savvy children will love the responsiveness of this performance-oriented kayak. The Raven is sleek for easy paddling, with a hard chine for excellent stability and a predictable feel when edging to carve a turn. It is fully outfitted with front and rear hatches and two composite bulkheads, bungee on the bow and

deck, and mid-deck (for paddle float rescue). Reflective safety line and bow and stern carrying handles complete the deck outfitting.

The Raven comes with a modified ocean cockpit, adjustable foot braces, a padded interior deck for your thighs, and an internal under-deck water bottle holder.
