Willow

The Willow is designed for the smaller, lighter paddlers who want a quick, responsive kayak with an extra degree of stability. The Willow is loaded with all the features you've come to expect from Current Designs, including recessed deck fittings, retractable skeg, and reflective

perimeter deck lines. Besides front and rear compartments, this sporty British design includes a handy day hatch.

The Willow is an ideal choice for paddlers seeking a responsive, easy-to-handle day kayak.
